GREEN TO BE ORDAINED.

Ex-Pugilist Expects To Enter Baptist Ministry Soon.

Whether Robert Green, formerly known in pugilistic circles as "Black Spider," but who has forsaken the prize ring for the pulpit, will be granted a license to preach, will be decided shortly in the Calvary Baptist church, Shawmut avenue and Waltham streets, Boston.

It is before this society, of which Mr. Green has recently become a member, that he will then preach his trial sermon, upon the success of which depends the license permitting him to preach as a Baptist minister.

Robert Green was born in Jacksonville, Fla., in 1867. For a while his parents lived in Virginia. While there, a small boy, he saw his father driven from home and lynched, his body perforated with bullets, because he would not sell his home and land to a white man who wanted it. His mother, gathering her little ones around her, eventually came to Boston. Here her family now live. On leaving school, Robert entered the pugilistic arena, and met with varying success.

In 1897, in the height of a religious revival held by the colored people of the church of which the Rev. Alfred Adams was then pastor, Green became touched by one of his sermons. He made up his mind to renounce his old ways and determined to lead a better and more useful life. He went forward in the meeting and asked the brethren and sisters to pray for him that he might keep his determination.

The following Easter Sunday Green was baptized by immersion in the pool of the Twelfth Baptist church by the Rev. Dr. Adams.

The Rev. Mr. Adams became interested in Green and directed him in the best way to prepare himself for a life devoted to the ministry of Christ. Under the guidance of the Rev. A. W. Adams, who was once a professor in Storer college, Harper's Ferry, Va., the young man began to study English and theology. While studying under Mr. Adams he branched out into evangelistic work among the colored people around Boston, and in more remote parts of New England. He has had a marked success. His voice is strong and pleasing.

In his life of a Baptist student and evangelist many kind of friends, including Deacon Chipman of Tremont temple, have come to him and given him a lift over some hard places. He has done much traveling the past year. He has been south in Virginia to school and has preached and held revivals there.

Early in August he united with the Calvary Baptist church. The pastor, the Rev. George L. Stevens, is much interested in Green. If the license is obtained tomorrow night Mr. Green will go to the Baptist seminary at Lynchburg, Va., to complete his studies and then will return to Boston for ordination.

He is married and will carry his family south with him.

Robert Green, above named, is well known in this city and Manchester. He had a mill with "Artie" Allen of Manchester some ten years ago in which Allen all but "did up" the Spider.

Green, who is a colored man and looks much like George Dixon, came to Manchester with the Dixon combination, back in the eighties, and they "hung up a purse" of \$100 to any local light weight who would stay four rounds with him. The meeting between Green and Allen came off at Mechanic's hall and many of Allen's admirers were present.

Allen not only stayed the four rounds but kept Green going for nine rounds and had him all but knocked out when the referee stopped the fight and declared it a draw.

The title of the "Black Spider" was obtained by Green by reason of his acting as sparring partner to Ike Weir, the "Belfast Spider," when Weir trained for his famous fight of 104 rounds with Johnny Murphy, in Chicago, a dozen years ago.

While some of the local sports shake their heads a little over Green's departure from the prize ring to the pulpit they give him their respectful and honest good will.

Green has passed most of the summer here in Portsmouth and vicinity, and has preached several times in Kittery.

THE BEST ON THE ROAD.

One of the greatest repertoire companies ever sent upon the road is the Empire Stock company, supporting that popular young actor, Mr. Joseph Greene, and this company will open a week's engagement at Music hall next Monday evening. Mr. Greene is a conscientious actor, full of energy and wholly capable of performing his several characters with marked ability. His managers have surrounded him this season with one of the finest repertoire organizations ever seen on any stage, many of the actors and actresses being taken from the very finest stock companies in the country. The company includes such well-known favorites as Mark Kent, W. L. LeRoy, Robert Nodine, W. F. Ward, Archie Deacon, Fred Clarence, Harry J. Jordan, William F. Hann, Susette Wilkey, Nanette LeRoy, Maude Moore, Rose Greenly, Grace Euler, Gertrude Emery and others. In addition to these artists the company includes several first-class specialty artists and an interesting vaudeville entertainment is given at each performance, between the acts and during the performance of the play, making a continuous performance from the rise of the curtain until it falls on the last act. The list of plays is a strong one and includes "The Stowaway," "The Heart of the Klondike," "Fallen Among Thieves," "On the Bowery," "In the Toils," and "The Burglar." The prices for this engagement are ten, twenty and thirty cents for the evening performances, and ten and twenty cents for the matinees.

ROUND AND ABOUT

Has Heard That

The Exeter Veteran firemen made a good appearance in Portsmouth yesterday.

They would have made an extra ordinary appearance had they had a good opportunity to display the powers of the old fountain.

The fountain in a trial throws a stream of 201 feet.

Yesterday the Portsmouth Vets' tub only threw 161 feet.

The difference between 201 feet and 161 feet is 40 feet.

To the correctness of the above problem we are willing to stake our reputation as a mathematician.

Evidently the punch bowl would not have been left in Portsmouth.

Had not the Exeter Vets have compelled to leave to catch a train.

The old fountain is just aching for a go with Portsmouth tub.

Should an opportunity occur there is not the least doubt as to which would win.

Everything was fair.

The weather was fair.

The trials were fair.

And it is fair to suppose that should the trial come off again the prize would be fairly brought to Exeter.—Exeter Gazette, 15.

AT THE NAVY YARD.

The Eagle goes into dry dock on Monday.

H. O. Batten has been required on the navy yard.

The Potomac and Piscataqua will be used as stake boats.

The Panther could be repaired here and may be sent here shortly.

Thirteen calkers have been required on the yard to calk the decks of the Yaukont.

William Brown, master outside ship-fitter, has gone to Philadelphia on a two weeks leave of absence.

The U. S. S. Potomac has been ordered to proceed to York and Duck island to repair the beacons for use in the coming official trial trips.

LETTERS FOR PHILIPPINE ISLANDS.

The director of posts at Manila, Philippine islands, reports that large numbers of letters addressed to soldiers and sailors at that office are undeliverable through the failure of the sender to place on the envelope the name of the company and regiment, or other organization to which the addressee belongs.

All mail matter addressed to persons connected with the United States service in the Philippine Islands, must, to insure delivery, not only bear the name of the addressee, but the full designation of the particular branch of the service to which he belongs.

THE REV. JAMES THURSTON DEAD.

Once a Prominent Preacher in New Hampshire Methodism.

The Rev. James Thurston, a prominent leader in that denomination, died at his home on Durrell street, in Dover, Friday afternoon, aged 83 years, 6 months and three days.

The Rev. James Thurston was born in Buxton, Me., March 12, 1816, the son of James and Sarah (McKeeney) Thurston. His early education on his father's side settled at Newbury, Mass., in 1815. His maternal ancestry was of Scotch Irish blood and settled at Scarborough, Me. At the age of 2 years, young Thurston was taken to Scarborough, and there he lived until 11 years old, when he went to Auburn. At Kent's Hill he completed his education and on graduation in 1837 he commenced his life's labor as a preacher in the Methodist Episcopal church.

Mr. Thurston remained in the Maine conference until 1848, when he was transferred to New Hampshire. In this state he has served in Portsmouth, Newmarket, Suncook, Salmon Falls and Greenland, and he has officiated as presiding elder in the Dover, Claremont and Bristol districts. In 1871 his health began to fail him and he was obliged to discontinue his duties as minister.

Mr. Thurston twice represented ward 2 in the state house of representatives, and was twice chaplain of that body. He served in the constitutional convention of 1889. He was a Knight Templar.

In 1840 Mr. Thurston was married to Mrs. Clara A. Flint of Lunenburg, Me., who died several years ago.

Mr. Thurston was pastor of Trinity church here in 1848. He was a widely known in Southern New Hampshire as a preacher of the Methodist denomination.

Mr. Thurston was the only minister to have the distinction of being twice chosen chaplain of the New Hampshire legislature. He was elected in ward 2 as a member of the house of representatives in 1885 and in 1889; was a member of the constitutional convention, serving as chaplain of that body.

He was the oldest member in this part of New Hampshire; having joined the order in 1844.

For a quarter of a century Mr. Thurston was an indefatigable newspaper correspondent, contributing to metropolitan, denominational and local newspapers.

Mr. Thurston has married more couples than any other clergyman in New Hampshire.

The funeral will be held next Tuesday.

ALBUM FOR DEWEY.

Unique Book of Newspaper Clippings Awaiting Him.

A unique gift is in store for Admiral Dewey when he reaches New York. It is the biggest book that has ever been made. Its weight is in the neighborhood of 350 pounds, and when it is open it is just five feet two inches wide.

The book is composed of clippings cut from every newspaper in the country and every one of them refers to Admiral Dewey and the war with Spain.

There are 400 pages, and on some of the pages as many as seventy-eight clippings are pasted. In all the book contains 10,200 clippings and a couple of hundred more will be added before the presentation takes place.

Men were engaged yesterday attaching the huge cover. The corners will be bound in silver and a silver nameplate on the cover will bear this inscription:

ADMIRAL GEORGE DEWEY, U. S. N.
May 1, 1898—Sept. 28, 1899.

A special table is being made for the book. If Admiral Dewey can be induced to visit the Maritime exchange the presentation will be made there. The cost of the book is \$2500.—New York World.

Among the thousands of clippings will be found a number from the Portsmouth Chronicle, Admiral Dewey's old home paper which has had a lively interest for him even through all the notable episodes of his experience during the past year and a half.

The Dover firemen who visited Portsmouth yesterday and took part in the parade have nothing but praise for the manner in which they were entertained by the Portsmouth firemen.—Dover Democrat, Sept. 15.

Grapes are plenty enough, this season, to take the place of the other fruit that may be scarce. The local dealers have been having a run on the blue grapes, though all of them keep the price of the Delaware at about the same figure.

Among the plays to be presented by the Empire Stock company, headed by Mr. Joseph Greene, which comes to Music hall next week are such successes as "The Stowaway," "Fallen Among Thieves," "The Heart of the Klondike," "On the Bowery," "In the Toils" and "The Burglar."

The fall and winter styles in men's footwear contain many box calf shoes, while some are lined with duck. The shape is about the same as those of this summer and last winter, though possibly a little better looking, the sole being straighter making a prettier toe, which though broad is shapely. The russet will, as usual, predominate.

REFUSE TO PARDON DR. MOORE

The governor and council held meeting in Concord Friday evening and voted not to grant the petition presented for the release of Dr. J. C. Moore from state prison.

At the last meeting of the council, Aug. 30, a petition was presented for the pardon of Dr. Moore, it being claimed that he was dangerously ill, and that longer imprisonment would endanger his life. The petition was laid on the table, the council deciding to enquire into the merits of the case and ascertain the actual condition of the prisoner. Consequently, each councilor selected a physician to conduct a physical examination and report.

Friday night reports from each of the physicians were obtained. The unanimous opinion was to the effect that Dr. Moore was not suffering from any kind of an organic disease.

After hearing these reports the council voted that the petitioners be given leave to withdraw.

THE VETERANS AT PORTSMOUTH.

Yesterday's muster of firemen at Portsmouth was an emphatic success. Exeter furnished many attendants and spectators, her veteran company being the guests of the Portsmouth veterans.

The local company, headed by the drum corps, marched to the station, in their new and effective uniforms, making an excellent appearance. About sixty members turned out.

The fountain engine was drawn down by James O. Burlingame, and a feature of the muster was its exhibition with the Portsmouth Piscataqua.

Exeter furnished thirty-six regular firemen to the parade.—Exeter News-Letter.

FISHING GEAR DAMAGED.

The heavy wind during the past week kicked up such a surf at the beaches as to do considerable damage. The big weir at Wallis sands, owned by E. Newton & Co., was thrown up on the beach and damaged about \$400. Lobster pots and other fishing gear suffered to a greater or less extent.

PRO AND ANTI-TRUST

A STRUGGLE BETWEEN THE TWO FACTIONS.

William P. Potter of Philadelphia, speaks on "Co-operation Better Than Competition"—Quite a Falling Off in Attendance of Delegates and Spectators.

Chicago, Sept. 15.—The second day's session of the Trust Conference was opened here with William Wirt Howe of New Orleans in the chair, and a falling off in the attendance of both delegates and spectators.

Mr. Howe proceeded at once to business by putting before the house a resolution introduced by F. C. Farr of Missouri for the appointment of the important committee on resolutions. The motion instantly developed the unimportant of strife between the factions for and against trusts which at first threatened the convention's harmony.

An amendment was immediately proposed, various speakers urging that the resolution be amended to allow the appointments to the committee to be made by the delegates themselves, one committee member from each state. The original motion was not acted on, but the amendment in regard to the manner of appointment was carried by a standing vote—99 to 14.

Governor Atkinson of West Virginia, rising from a far corner, declared that it was unfair to bind the delegates by resolution. The debate waxed warm, and delegates clamoring for recognition rose in every part of the house.

Mr. Taylor of Indiana, Mr. Prince of Texas and Mr. Collins of Illinois were the heard.

The pro-trust men and the anti-trust were fearful, it became evident, that one side or the other would obtain control and bind the minority to something of which they disapproved.

W. Bourke Cockran repeated his performance of Wednesday when he restored the harmony which had been destroyed in an endeavor to obtain a committee on an programme.

Upon his suggestion it was decided that the committee on resolutions consist of not only one representative of each state delegation but of each national organization. To that committee it was resolved that all resolutions be referred without reading or debate.

Lawrence F. Day of the New York Tariff Reform Club was then introduced. He opened the tariff debate, speaking in part as follows:

"I do not contend that the only cause for combination which restrains trade is the tariff, but the tariff does foster and assist in maintaining such combinations. The tariff is under the control of the federal government, the abolition of duties on articles produced by trusts is easy, immediate and effective. When this special privilege is withdrawn we will then be in a better position to do what further may be necessary."

W. P. Potter of Philadelphia spoke about "Co-operation Rather Than Competition." He said in part:

"It is but the statement of a simple fact to say that the present tendency toward combination and co-operation is but the reaction from the keen and excessive combination of the past few years. Whether this movement for co-operation is justifiable or not depends upon the facts in the case. Whether for good or for evil is to be determined by an examination of the results. 'Thy fruits ye shall know them,' and in arriving at a conclusion, calm and careful consideration is called for, and the subject should be approached in a spirit of fairness, and not in bitterness or with blind denunciation. An impulse so general, and so widespread in the business world, must have cause for its existence.

"The rights of the public are not to be ignored in any event; but so long as these rights are respected the individual is certainly at liberty to concentrate his capital and combine his resources with his fellows in the same line of business for their mutual benefit.

"The demand for commodities of all kinds at the present time is greatly in excess of what it has ever been, and it is required, too, that they be furnished more cheaply than ever before. Experience has shown that these demands can be met only by the employment of large capital, and upon a most extensive scale of working.

"Civilization has advanced, and a comfortable scale of living has been brought within the reach of the average man, just in proportion to the development of business along these lines of co-operation and combination. First, it was the individual working by himself in his particular line. Then came the union of two or more individuals into a partnership. This was followed by the formation of the small corporation, and from that grew the large corporation, and the last and present stage of development is the union or partnership of the small corporations into the grand aggregation, often miscalled a trust.

"As a matter of fact, most of the business combinations of the day are not trusts at all. They are simply large corporations. The so-called 'anti-trust' attacks are not really attacks upon trusts, for the reason that but very few real trusts are in existence in this country. The hue and cry that has been raised is really an attack upon large corporations. If the people of this country are determined to wipe out all corporations, of course they can do so. No one would claim, however, that such an extreme measure is desired by any one who has the prosperity of the country at heart. Such action would be to turn backward the best business of the world, and the progress, and 90 per cent of the country's industries would stop."

Home From Cuba.
Washington, Sept. 15.—The Adjutant General has received the following dispatch from General Brooke:

IS TIRED OF PUBLIC LIFE.

Governor Plagge Will Soon Retire From Politics.

Detroit, Mich., Sept. 15.—Governor Plagge before leaving for Chicago to attend the trust conference in session in that city was pressed for a statement as to whether or not he would resign the governorship in the event of being nominated and elected mayor of Detroit this fall. In reply he said:

"No, sir; I would not. I have never had any idea of running for mayor again and I would not resign as governor to take the mayoralty. Since the people have seen fit to reelect me, I believe the least I can do is to serve my term. I believe in being square with the people; and then, on the other hand, I don't want to be mayor. I have had my share of public offices. There are a lot of good citizens who have never served their city or their state, and they ought to be given a chance. And when I get through with my present term as governor I want to devote the remainder of my life to my own private business."

Croker Was on the Stand.
New York, Sept. 15.—Richard Croker was before the Mazet Committee and testified that he knew absolutely nothing about the Ramapo Company. He declared that he was making a quiet investigation, but would not give the result to the committee. He said that a committee of underwriters called on him, at the Democratic Club, to advocate the Ramapo Company, but he refused to say whether he was opposed to the deal or not. Mr. Croker took refuge behind his famous "That's my private business" when Mr. Moss asked him questions about various stocks he held. Mr. Moss wanted to know how many shares he had received since Mr. Van Wyck became Mayor, and Mr. Croker replied that it was his private business. He plainly tried to laugh the matter out of court, and expressed more amusement than any previous witness.

Made a Fortune on Wall Street.
New York, Sept. 15.—One of the quickest and most important turns made in Wall Street in recent years, and which this week has been the subject of general gossip, was that of William Alexander Scott, better known as "Farmer" Scott, who by speculating in the common stock of the Pennsylvanian Coal, Iron, and Railroad Company, has since last December cleared up a little short of \$200,000, which, as he says, "isn't in sight." Not the least interesting fact in this stroke of good fortune is that Mr. Scott was absolutely ignorant in regard to stock speculation when he went to Wall Street and began to play the market with the capital known as "a short-trung."

Two Murderers Reprieved.
Harrisburg, Pa., Sept. 15.—Governor Harris has granted reprieves to two Susquehanna county men, who were to be hanged September 26. They are Cornelius W. Shaw and J. James Egan, alias J. James Smith. Their execution day has been postponed until October 26 to enable their attorneys to carry their cases before the Board of Pardons. The Governor also fixed the execution day of Edwin Crossinger, of Northumberland county for Wednesday, November 15.

For the St. Louis World's Fair.
St. Louis, Sept. 15.—The Missouri, Kansas and Texas Railroad has subscribed \$35,000 to the capital stock of the World's Fair. This is one of the largest subscriptions yet received to the fund. The subscription is on a basis of \$750,000 for all the steam railroads centering in St. Louis, or \$1,000,000 for all the steam transportation interests.

Old Man Killed by Blevett.
Providence, R. I., Sept. 15.—Daniel McCarthy, eighty-three years of age, was run down by a bicycle rider, P. Martin Blevett, seventeen years old, on the Washington Bridge and killed. The spot where the collision occurred was a dark one and neither of the two saw the other until it was too late.

Charged With Highway Robbery.
West Chester, Penn., Sept. 15.—Walter Herrod, "Tony" E. Biddle and Leona Corsey, of this place, were locked up in prison on a charge of highway robbery, preferred by Michael E. Reed, of Pocopson township, who alleges that they secured his watch and money.

Indiana Town Badly Scorched.
Milltown, Ind., Sept. 15.—The business portion of this village was almost destroyed by fire last night. Old Fellows Hall, the Royer Hotel, three stores and three houses were burned. The loss amounts to about \$35,000.

Father Shoots His Daughter.
Lexington, Ky., Sept. 15.—Patrick T. Suerin, 65 years old, shot and mortally wounded his daughter Mary, 30 years old, with a shotgun, in Ohio county. They had quarrelled. He surrendered himself.

Has Half a Dozen Wives.
Salt Lake, Utah, Sept. 15.—Another Mormon church officer has been arrested. This time it is Joseph E. Taylor, a white-haired man of over 70. He has at least a half-dozen wives.

American Collier at Gibraltar.
Gibraltar, Sept. 15.—The United States collier Alexander, which sailed from Norfolk Aug. 30, with a full cargo of coal for the naval station at Malta, has arrived here.

New Cabinet at Sydney.
Sydney, N. S. W., Sept. 15.—A new ministry has been formed here, with W. J. Lyne, the leader of the opposition, as premier.

Let Him Off Cheaply.
Boston, Mass., Sept. 15.—Herbert S. Dudley was fined one cent in the Municipal Court for shaking his wife's hand in anger.

A New American Duchess.
Berlin, Sept. 15.—Miss Anne Russell Allen, of St. Louis, Mo., was married to the Duke of Montefeltro, at Ham-burg.

WE MUST REPEAT.

When Everybody in Portsmouth Tells the Same Story.

It is hard to say new things about Doan's Kidney Pills. They cure the large and aching back, the sufferer from kidney disorders and the troubles of those whose urinary organs are in wrong in its action. That they do this is so easy to prove that not a vestige of doubt remains. Public endorsement of local citizens is easily proven. Read this case.

Mr. L. T. Wilson, salmkeeper of Market street, says:—"I contracted a very bad cold which affected me in the loins and in the upper part of my chest, causing distressing lameness, some urinary difficulty and I was quite stirred up. As I had read considerable about Doan's Kidney Pills I went to Philbrick's pharmacy and got a box. They went to the spot at once and I did not use but part of the box before I was quite over my trouble. I gave the balance of my box to a friend who had a bad back and there was plenty to cure him, although neither of us are very light weights. I am prepared from my personal experience and from their effects on others, to highly recommend Doan's Kidney Pills. You can refer to me."

For sale by all dealers; price 50 cents. Foster—Mills, Co., Buffalo, N. Y., sole agents for the U. S.

CAUGHT AT LAST.

Honesty Would Have Paid Far Better, After All.

Orange, N. J., Sept. 15.—Walter E. Singer, 17 years old, who was employed as a messenger and office boy in the Edison Phonograph Works in West Orange, has been arrested on a charge of stealing phonographs, records and other articles from the factory and disposing of them.

When arrested Singer made a confession, and told where a number of talking machines could be found. Half a dozen phonographs and a quantity of other goods already have been recovered by the police. Singer was considered thoroughly trustworthy by his employers, and was given the freedom of all parts of the works. This made it easy for him to select and carry off an instrument when he pleased for himself or one of his friends.

To avoid the watchman at the gate house, which all the employees are compelled to pass through after quitting work, Singer hid the stolen phonographs under the fence in a distant corner of the yard, from where he or the person for whom it was intended would obtain the article later. Two nights ago a policeman saw a man draw a package wrapped in paper from under the fence and placed him under arrest. The package proved to be a valuable phonograph cabinet. The prisoner, Charles Leopold of Newark, was an employee of the phonograph company, and from a remark dropped by him the police were led to suspect Singer.

It is believed by the police that the thefts have been going on for some time, and have been on a larger scale than has yet been discovered.

A Service Pension.

Baltimore, Sept. 15.—The National Encampment of the Union Veteran Legion here approved the following draft of a bill providing for per diem pensions:

"That all officers and enlisted men who served in the armies, navies, or marine corps of the United States between the fourth day of March, 1861, and the first day of July, 1866, who have heretofore been honorably discharged or shall afterward be honorably discharged from such service, shall be entitled upon application to receive a pension from the Government, to wit:

"A sum per month equal to one cent per day for every day served, and in computing said service all such service rendered within the said dates shall be taken into consideration, and pensions shall date from the filing of the application therefor.

"This being a per diem service pension bill, pensions granted thereunder shall be in addition to all invalid pensions granted for injuries received or disease contracted in line of duty in the service."

A FILIPINO DEFEAT.

SHARP ENGAGEMENT WITH THE NATIVES.

Filipino Schooner Captured and Destroyed—Fire of the Natives Succeeded in Twenty Minutes—Commissioners Receive Instructions to Return as Soon as Possible.

Manila, Sept. 15.—Col. Charles Denby and Prof. Dean Worcester, members of the Philippine commission, have received instructions from President McKinley, asking them to return as soon as possible. They will embark in the steamship Empress of India, which is to leave Hong Kong Sept. 26. It is not known whether or not the clerical force will return with them or remain here. The commissioners had just expected to spend some months working on the establishment of municipal government.

The Nevada cavalry was unable to sail in the Newport. They will take the next available transport. The Philippine police, numbering 250 men, armed with revolvers and clubs, went on duty at Manila. The force is controlled by the provost marshal, and was reviewed on the Luneta.

Transport Tartar Released.
Washington, Sept. 15.—Clearance papers have been issued to the Tartar at Hong Kong. It is expected that the vessel will proceed to the United States at once.

The information that clearance had been allowed came in a despatch to Adj. Gen. Corbin from Col. M. Metcalfe, commanding the Twentieth Kansas and the troops aboard the transport. It is supposed that clearance papers were allowed on the suggestion of the British foreign office to the British consul at Hong Kong that it would be unwise to interfere with American transports.

Another despatch from Col. Metcalfe, in reply to one sent him, says that the Tartar was no more overcrowded than other transports leaving Manila, and the food was as good. He said the trouble was caused by the discharged regular soldiers who were returning home on board the ship.

Was a Sharp Engagement.
Washington, Sept. 15.—The following despatch has been received at the Navy Department:

"Manila, Sept. 14. 'Secretary of Navy, Washington: Davidson, commanding Paragua, reports sharp engagement at Balemao. Vessel struck many times by rifle shots; no casualties. Paragua silenced insurgents' fire in twenty minutes; at range from 400 to 900 yards. Occasional captured Filipino schooner, which Davidson destroyed.

"WATSON."
Balemao is in the province of Masbato, south of Luzon and north of Visayas.

Wrecked a House With Dynamite.
Rochester, N. Y., Sept. 15.—A daring attempt was made in the town of Albion to blow up the house occupied by Charles Gilbert a respectable farmer. A stick of dynamite was used and the side of the house was badly wrecked. The members of the family were thrown out of their beds by the explosion and the entire house was filled with smoke. Mr. Gilbert received a slight cut on the hand and was badly bruised, but the other members of his family were not injured. The building caught fire but the blaze was put out before much damage was done. The case was at once reported to the District Attorney who is using every effort to find the guilty persons.

Three Women Killed in a Wreck.
Bakersfield, Cal., Sept. 15.—North bound passenger train No. 8 on the Southern Pacific Railroad ran into the rear end of the Porterville accommodation train at Porterville about twenty miles north of here. Mrs. Maggie T. Majors, of Los Angeles; Mrs. Rose, her mother, and Mrs. Larnie, were instantly killed. Engineer Wright and Fireman Keller were seriously injured, and their condition is precarious. A track walker, whose name is unknown, was badly hurt and is still unconscious.

Physician Accidentally Shot.
Poughkeepsie, Sept. 15.—Dr. John P. Wilson, a leading physician of this city, accidentally shot himself here. His condition is regarded as serious. He picked up an old pistol and was examining it when it dropped from his hand. As he picked it up it was discharged. The ball struck him on the side of the nose passed through his mouth and lodged in the back of his neck.

Bishop Doane Robbed.
Boston, Mass., Sept. 15.—William C. Doane, Episcopal bishop of Albany, N. Y. was robbed in the suburbs of this city. His pocketbook containing about \$100 and several valuable papers were taken. The police, to whom the case was reported, believe that the bishop was the victim of a pickpocket.

Killed and Cremated.
Oneonta, N. Y., Sept. 15.—John McClintock and his sister, Margaret, living near Worcester, this county, were burned in their house. Strong reasons exist for believing that they were first murdered. They were aged, and McClintock was one of the wealthiest farmers in this section.

Laborer Buried Alive.
Chester, Pa., Sept. 15.—William W. Carter, 20 years old, of Perryville, Md., is at the Chester Hospital at the point of death. He was working at the Seaboard Oil Works and while digging a place for a tank a seven-foot bank of earth fell on him and he was buried alive.

Part of the Strikers Won.
London, Sept. 15.—Seventeen vessels were unable to leave the Tyne owing to the shipping strike. The Montreal Line steamship Cervona and the steamship Silverdale have conceded the strikers' demands. The seamen are naturally jubilant.

KRUGER'S REPLY AWAITED

Thought That It Will Have a Quick Effect When Published.

London, Sept. 15.—The tension now existing here and at the Cape may be temporarily settled at any moment by the publication of President Kruger's reply.

On the other hand, it may be several days before the general public learns what answer the Transvaal has made. If President Kruger has answered defiantly, it does not necessarily mean the immediate breaking off of negotiations.

The British would probably reply with an unmistakable ultimatum, but it is scarcely to their advantage to bring about hostilities until the reinforcements are nearer the scene of action than they are at present.

Whatever the nature of President Kruger's reply it is probable that several more stages of diplomatic processes will be gone through with before there is definite war or peace, unless, of course, President Kruger takes the initiative and raids Natal.

It is the possibility of this move that makes definite news of his reply so eagerly and anxiously awaited.

The Cape Town papers takes a hopeful view of the situation, basing their belief on the probable acceptance by President Kruger of the franchise measures suggested in Mr. Chamberlain's latest despatch.

But even they admit it is impossible to learn or foresee how President Kruger's attitude towards the suzerainty of Great Britain, which, after all, is still the main issue.

President Sent Greeting.
Omaha, Neb., Sept. 15.—In his address to the First Nebraska regiment, the Assistant Secretary of War, Mr. McKeljohn among other things said:

"It is with deep regret that I have to announce to you that affairs of state preclude President McKinley from being present with us on this occasion. To the volunteers of Nebraska he sends by me his greetings and congratulations.

"The President sends every good wish that the welcome given to the First Nebraska may be most generous and patriotic."

Shoe Manufacturers to Organize.
Harrisburg, Pa., Sept. 15.—An important conference of the shoe manufacturers of Pennsylvania will be held in this city next Tuesday, when a state organization will be effected. For several years the need of some uniform system of discounts has been apparent, and now that the manufacturers have gotten together to some extent in the matter of prices they feel that the next most important step is the adoption of a plan regarding the rendering of bills to customers that will be generally observed.

Pardon Said to Have Been Granted.
Paris, Sept. 15.—It is said that a pardon has in fact been granted to Dreyfus, but that it is being kept secret until he can be smuggled out of the country. Well informed persons, however, do not believe that Loubet will pardon Dreyfus while his appeal is pending. They say that after the Council of Revision has rendered its decision—in about a fortnight—this Government will grant amnesty to all connected with the case, including Dreyfus, Picquart, Mercier and Zola.

Vanderbilt Laid to Rest.
New York, Sept. 15.—Cornelius Vanderbilt was laid to rest to-day in the little cemetery at New Drop, S. I. In the great mausoleum the body of the man of millions was laid with all simplicity. There was no pomp nor display, impressive burial service of the Episcopal Church marked the last farewell at the house, the church and the grave. This was in accordance with the wishes of the dead man.

Dobbs Lost on a Foul.
Coney Island, N. Y., Sept. 15.—Bobby Dobbs of Minneapolis, who recently returned from a tour of England and Scotland, where he won several ring battles, met Matty Matthews of New York in the Coney Island Sporting Club and was disqualified in the twenty-fifth round for fouling. The fight was fierce from the start to finish and neither man had a great deal the best of it in point of punishment.

Girls Escape From House of Refuge.
Hudson, N. Y., Sept. 15.—Two girls escaped from the State House of Refuge, at this place, and no trace has been found of them. They scaled the fence and disappeared. They tried to escape Wednesday night, but all were recaptured. The punishment cells are full, and the new administration of the institution is having great difficulty in preserving any semblance of order.

After the Factory Inspector.
Albany, N. Y., Sept. 15.—Organized labor is after State Factory Inspector Williams. At the Labor Federation Convention here he was severely criticised, and a committee of three was appointed to investigate his methods and to take the matter before the next Legislature. It was said he does not pay sufficient attention to the needs of the workmen.

Death of Capt. G. R. Wilson.
Buffalo, Sept. 15.—Capt. G. Reed Wilson, quartermaster of the Sixty-fifth Regiment, died from malaria contracted at Camp Alger.

Paris Police Make More Raids.
Paris, Sept. 15.—Fresh police raids have just been made at the residences of prominent royalists.

EXTENUATING CIRCUMSTANCES

For the benefit of the people that may be unable to grasp the phrase "extenuating circumstances" in the Dreyfus verdict, it may be necessary to explain that the extenuating circumstances were the innocence of Dreyfus and the fact that he had already suffered five years' imprisonment. He was convicted, on his own confession, of being a Jew; yet in spite of the enormity of this offense, the court realized that his innocence of the incidental charge—that he sold the army secrets to Germany—constituted extenuating circumstances. Of course it is impossible to pardon him the main offense, that he is a Jew. Not even death can blot out the memory of that atrocious crime.

He will wait. She—Yes, I suppose I shall have to accept your offer, but you will have to wait, you know. He—Wait, dearest! I'd be willing to wait for ages rather than not have you for my darling wife at last. She—I hardly think it will be necessary for you to wait as long as that. I was only thinking whether I would get my new gown done in time for to-morrow. Perhaps, George, it will be necessary to put off until the day after to-morrow.—Boston Transcript.

THE PROVIDENCE RACES.

PROVIDENCE, R. I., Sept. 15.—The record crowd of the week attended the fourth day of the grand circuit meet in this city.

Prince Alert won the 2:07 pace in three straight heats, reducing his own record two seconds. The second heat was stepped in 2:05 3/4, the fastest mile of the meet.

The 2:15 class, trot, purse \$5000, was won by Green Brino. Lord Vincent second, Precision third. Best time, 2:11 1/4. Kilda, owned by Hon. Frank Jones, finished sixth, ninth, sixth and seventh.

The 2:07 class, pace, purse \$3000, was won by Prince Alert, Royal R. Sheldon second, Ben J. third. Best time, 2:05 3/4.

The 2:19 class, trot, purse \$1200, was won by Sadie M., Frank Creamer second, Whitley third. Best time, 2:13 1/2.

The 2:14 class, pace, purse \$1200, was won by King Albert, Fred W. second, Marjorie third. Best time, 2:11 1/2.

HIS STAFF ISN'T LARGE ENOUGH.

WASHINGTON, Sept. 15.—General Otis has called the war department a request for additional staff officers for service in the Philippines. He asks for one additional judge advocate general, two assistant adjutant generals, two inspector generals, eight quartermasters, nine commissaries of subsistence and two engineer officers. The adjutant general has called upon the heads of these different bureaus to designate officers for this duty, as the importance of having all the officers of the staff tasked for before the next active campaign begins is recognized by the department.

HURRICANE ON THE NEW FOUNDLAND COAST.

St. Johns, N. F., Sept. 15.—A violent hurricane swept the coast of New Foundland last night. The Allen line steamer Corean, from Philadelphia, had a frightful passage, and the steamer Silvia of New York was delayed twenty-four hours. Four fishing schooners were driven off the St. Johns coast and three men and a woman were drowned. Widespread destruction of fishing vessels and gear is reported, and it is feared there is much damage and probably loss of life at more distant points.

THE PRESIDENT'S WESTERN TRIP.

WASHINGTON, Sept. 15.—Only four members of the cabinet, Secretaries Gage and Root, Postmaster General Smith and the attorney general, were present at today's meeting. The president announced his intention to extend his Chicago trip to Milwaukee and St. Paul, and considerable time was occupied in the arrangements for the corner stone laying at Chicago, and when and where the members of the cabinet, nearly all of whom will be present, shall meet the president's party. A variety of topics were discussed.

CAPTAIN BARKER TO BE PROMOTED.

WASHINGTON, Sept. 15.—Captain Barker, who succeeded Admiral Dewey in command of the squadron at Manila, was at the navy department today. As a result of the recent death of Rear Admiral Picking, Captain Barker be comes first on the list of captains, and as such will be the next to be advanced to the rank of rear admiral. He is here to be examined for promotion and to assume his duties on the medical examining board.

BASE BALL.

The following is the result of the National league base ball games played yesterday:

Boston 9, Pittsburg 4; at Boston. Washington 14, Cleveland 3; at Washington. Baltimore 2, Cincinnati 7; at Baltimore. Brooklyn 2, Chicago 8; at Brooklyn. Philadelphia 9, Louisville 10, called in the eighth inning on account of darkness; at Philadelphia. New York 10, St. Louis 5, called in the eighth inning on account of darkness; at New York.

FROM THE TRANSVAAL.

JOHANNESBURG, Sept. 15.—The Eastern Star of Johannesburg asserts that a martial law proclamation is being printed. It is reported here that the reply of the Transvaal government to the British note will suggest a seven years' franchise.

WENT UP IN A BALLOON.

DOVER, ENGLAND, Sept. 15.—Mr. Percival Spencer, the aeronaut, who started in a balloon to carry the greetings of the British association to the French Science association, now convened at Boulogne, has landed at Dunkirk.

DECIDED NOT TO SPEAK THE SAME NIGHT.

CHICAGO, Sept. 15.—The proposed debate on trusts, between W. Bourke Cochran of New York and William J. Bryan at the trust convention here, did not take place tonight. Mr. Cochran made a speech on trusts and Mr. Bryan will speak tomorrow night. The two gentlemen came to an agreement not to speak both on the same night.

DROWNED IN A BRIDGE COLLAPSE.

VIENNA, Sept. 15.—The Danube is still rising and is now 471 centimetres above normal level. A despatch from Gaudent, on the river Traun, upper Austria, says the iron bridge over the Traun collapsed today while twenty men were engaged in endeavoring to strengthen it. Nineteen men were drowned.

FAST PACING.

POUGHKEEPSIE, N. Y., Sept. 15.—The guideless pacer Cute, owned by W. B. Strong of New Paltz, made a mile without driver or harness at the Dutchess county fair today in 2:06 1/2. The exhibition took place on the track at the Hudson River driving park. The horse veered to the outside of the track on the homeward stretch, which materially interfered with the time.

WILL PROPOSE A PARDON FOR DREYFUS.

LONDON, Sept. 15.—The Paris correspondent of the Daily News says that Premier M. Waldeck-Rousseau has promised definitely to propose a pardon for Dreyfus at next Tuesday's cabinet council.

BURNED IN A BRIDGE COLLAPSE.

OMAHA, NEB., Sept. 15.—Twenty-one cars and an engine went through a bridge on the Missouri Pacific railroad, a few miles south of Nebraska City, this evening. Three men were burned to death.

MCPARTLAND GETS THE DECISION.

New York, Sept. 15.—Kid McPartland of this city tonight, before the Broadway Athletic club, gained a decision over Otto Seiloss of Chicago, after fighting twenty-five rounds.

WASHINGTON, Sept. 15.—Forecast for New England: Increasing cloudiness and warmer Saturday, variable winds shifting to fresh southeasterly Saturday night.

YELLOW FEVER BULLETIN.

KEY WEST, FLA., Sept. 15.—There have been thirty new cases of yellow fever during the past twenty-four hours. One death has been reported.

YOU WON'T NEED TO THINK TWICE ON THIS.

A more beautiful place than Lake Winnebago would be difficult to find, and the sail over the lake on the steamer Mount Washington is one of the rarest of joys. The trip covers more than four hours' time, and the distance covered is about sixty miles. Centre Harbor, Wolfeboro, Weirs, Alton Bay, Bear and Long islands are some of the landings made, and to get to them the steamer must make its way about the numerous islands that dot the surface of the lake. Mountains and hills are everywhere, and with the sharp air the foliage is assuming hues beautiful and enticing.

The Boston & Maine railroad is to run an excursion to Centre Harbor from here on Sept. 19th and the rate for the trip is but \$1.00. See flyers and inquire of ticket agents about this outing, which is one of the best of the season.

LOCAL CURRENCY.

A banker, in speaking of the local currency situation, said that there was a great scarcity of small bills just at present, and that frequent demands had to be made on Boston correspondents for this kind of money. There seems to be a surplus of gold all over this country which condition accounts for the frequent appearance of eagles and half eagles in local circulation.

The bank official stated that it had been his observation that Portsmouth people, as a rule, deposited gold as quickly as possible.

Soldiers' Letters.

New York, Sept. 15.—Postmaster Van Cott has sent out circulars in which he calls attention to the fact that a large number of letters addressed to soldiers and sailors stationed in the Philippine Islands cannot be delivered, through the failure of the senders to place on the envelopes the name of the company and regiment, or other branch of the service to which the addressee belongs. The Postmaster says that all mail addressed to persons connected with the United States service in the Philippines, to insure delivery, not only must bear the name of the person for whom it is intended, but the full designation of the particular branch of the service to which he belongs. If a soldier, it must bear the name of his company and regiment; if a sailor the name of his vessel; and if in any other branch of the public service, the designation of that branch.

A Plan Frustrated.

Flemington, N. J., Sept. 15.—Under H. Duckworth, burglar and jack-of-all-trades, made an attempt to escape from the jail here, and might have succeeded had it not been for a fellow prisoner, who informed the turnkey. While the other prisoners were in another part of the corridor Duckworth tried off a heavy iron bar from a cell door and with this took up four boards in the floor of his cell. Thus he made an opening into the cellar, through which it was his intention to reach an iron-grated window facing Court Street. The bars of this window he could have pried off with his bar.

THE OCEAN BOULEVARD.

The commissioners of the ocean boulevard will meet in Portsmouth today and determine the location of the boulevard from the Farragut on to the Wentworth bridge in Newcastle. They may possibly decide to begin this fall the work of construction of the fifteenth and sixteenth miles of the boulevard, which mainly traverse Professor Parsons' estate at Wallis sands, Rye.

He has promised to give all necessary land, but is now in Europe. His agent, Albert Bachelder, Esq., who is also a member of the commission, may deem it unnecessary to await his return, but the work is likely to be deferred until early spring.

BRAMHALL TOWED IN.

Pulled Off Duck Island By Tugs Last Night.

The schooner Bramhall, which struck on Duck island Friday morning, was successfully pulled off the ledge Friday evening at high tide, by the tugs Howell and Piscataqua, in charge of Capt. Barke Hoyt. She was towed slowly in from the Shoals and brought alongside C. E. Walker's coal wharf, where she now lies.

Her boom is broken, her galls are snapped, and she has such a bad list that a third of her lumber cargo is under water. It is fine Maine Spruce, a very valuable wood just at present, and the 174,000 feet will bring undoubtedly the eighteen dollars per thousand at which it was rated when the Bramhall sailed with it from Bangor.

The cargo will be sold here, and Capt. Hoyt will receive fifty per cent of its price, according to the contract which governed him in his undertaking to save the schooner. His share will be about \$1500.

It is believed that the Bramhall can be repaired and made good for further coast service, although her bottom is stove.

The crew went to Bangor yesterday afternoon, having secured free transportation through the generosity of the Boston and Maine railroad. They expressed their sincere appreciation of this favor, also of the kindness of the life saving crews.

BROTHER HERRICK NOT HUFFY

The Veteran Firemen's association of this town went to Portsmouth Thursday and participated in a muster.

A contest between the hand tubs of the local Vets and of the Portsmouth Vets was held and resulted in a fizzle.

The Portsmouth tub was given first trial and the best it could do was 161 feet. In determining the distance paper was used.

When the old Vets started the old fountain boards were used to determine the distance.

As distance cannot fairly be computed by boards the locals entered a protest and the judges refused to award them any distance whatever.

Barring this little incident the local Vets were right royally entertained by the Portsmouth boys and had a good time.

EXCITING CLOSE TO ROCHESTER FAIR.

An exciting incident marked the closing of Cold Spring park Friday, when O. B. Baunett, the parachute jumper, had a narrow escape from death. His balloon ascended 125 feet and then burst, tearing a great hole in its side. The aeronaut fell with frightful velocity and his parachute did not open. He struck the ground on his feet, but with a strong rebound. The most intense excitement prevailed on the fair grounds. The three physicians who at once attended the man found that no bones were broken, but it is feared that he is injured internally. It is believed, however, that he will recover. Baunett's home is in Boston.

SCHLEY ASSIGNED TO THE COMMAND OF THE SOUTH ATLANTIC STATION.

Rear Admiral Schley has been definitely assigned to the command of the South Atlantic station, vice Rear Admiral Howison, when the latter retires next month. It is not believed that he will decline to go, although his friends have been predicting that he would do so on the ground that the station is the least important and the least desirable flag command in the navy.

It may be that trouble in South America or war between the British and the Boers in South Africa may make the station more interesting.

TO HAVE AN OUTING HERE.

The Amoskeag veterans of Manchester will take no trip to Montreal and Quebec this fall. That was decided at the meeting last evening. The proposal now is to plan for a trip north next June.

It was voted, however, to have an outing in Portsmouth, on Sept. 25. Maj. Moody K. Wilson, Adj. William M. Butterfield and Frank W. Garland were named as a committee to arrange for the outing.

COMMANDER EATON OF THE RESOLUTE DETACHED.

Commander J. G. Eaton, U. S. N., commanding the U. S. S. Resolute at this yard, has been detached and ordered home. He has made hosts of friends since he came to this city and should he wish the duty, he may be ordered here as the relief of Commander Strong who will be promoted to captain next month.
